

## EDUARDO COSTA - MASTER BLACK BELT & LEAN MASTER

Eduardo Oliveira Costa is one of the first Black Belts certified through GE (1997). He was part of the first team of collaborators selected by Jack Welch that made Six Sigma deployment at GE a success story.

He has been working with Lean and Six Sigma for the past 10 years. After 10 years working at GE, he joined Worthington Industries where he was responsible for Lean implementation. This experience allowed him to successfully combine both methodologies.

In 2005 he created SIXSIS, training and consulting company specialized in LeanSixSigma deployments. It was while at SIXSIS that Eduardo conducted several training and mentoring sessions across Europe (UK, Spain, Switzerland, Germany and Portugal) and South America (Brazil, Argentina and Chile).

### Highlights

- Six Sigma certified through GE
- Experienced Improvement Leader
- Highly regarded trainer and mentor

### EDUCATION / CERTIFICATIONS
